“ Albert; you are always my #1 man in my life. Taught me to see what I need to look for in a future husband. I was able to find him because of your wise words. You are always going to be missed in my heart and eyes, but never forgotten for long as I live. I love you forever, and forever my dad. May not be by blood, but doesn't take blood to be family, it's the love that makes family be as one. You may rest in peace, beautiful fields with the greyhounds and horses running freely. Save a seat for me, I will see you when my turn to join the new journey home. I love you young man, and remember "if you can't be good, then be real bad!"

“ *The promise we are given for a new heavens and earth awaits you Albert. We had a special bond that was built for the many years as being friends, I had full filled a promise to Nalaree before her passing that I would be there for you, I full filled that promise. Loving you and her with all my heart. You both were the best of friends, you both are sleeping and awaiting the call from Jesus for ever lasting life. May you rest be short that God, Jehovah will, "will be done here on earth," as it was in Heaven.*
