“ I will be forever grateful that our dads carpoled to work before it was "cool"....because that brought us together in 3rd grade. Your dad was the ultimate gentleman, husband and father. He probably didn't know that I watched his every move....it was so amazing to me to watch a man truly love his wife and family : P You were blessed Gail to have such a great father! Blessings to you as days pass and the memories burn into your heart. Love and hugs and prayers.
