“ I am so sorry to hear of the passing of Aunt June. She was the most wonderful, kind and soft spoken ladies I ever knew. While growing up I always thought she was so beautiful and I still do to this day. I will cherish the years I had growing up with her and uncle Jack around, not to mention Bruce, Monty and Tamara. I love you all

“ I admired and loved June for so many reasons. I admired her for her zest for life and the way she was so comfortable with who she was. I admired her love for her family and how she was always proud of them. I never heard her say a negative thing about any of them. I admired how she could be so generous and at the same time be frugal and watched for every bargain. I admired her ability to show her love freely to those around her and to make them feel special and comfortable. So many good memories we've had together. Our trips together with our husbands. Our meals together (she was a great cook). And of course our card games. Whatever we did it was more entertaining because she was there. She will be greatly missed. I have been blessed to have had her in my life. My love and condolences to Jack and her family. May Gods peace be with them during this difficult time. Love and God Bless, Jeanette

“ Grandma, it is so hard to see your name listed on here. Words can't even describe the sadness of you being gone. We had so so many memories together. You were my best friend, and always will be. It's so hard knowing I can't just pick up the phone and call you, or just stop by. There's so many things that we shared together that I will forever remember. The endless inside jokes we shared... we just understood each other so well. I cannot thank you enough for everything you've done and thought me. You are one precious lady to me. I could go on and on. But I know we both will always remember the amazing times we've spent together. I cannot wait til the time I get to see you again. I love you to infinity. And I'm going to miss you so much but I know you will always be looking down on me. XOXO Breann

“ I am so sorry for your loss. June was a beautiful and wonderful person. She was always doing for her kids, grandkids and Jack, never worrying about herself. She always had a bright smile and made you feel welcome anytime you were at her house. She was the kind of person that you always wanted to be around because she was so lively and full of fun. She definitely liked to have family gatherings and then later all sit around the table and play a few good games of poker. She was a great poker player, but often times liked to play it off like she didn't know how to play, that was just to get you suckered into one more bet, before she would win the whole pot!! Those were great times and we all had so much fun! I was happy to call her Mom for many years and I still fondly think of her as my "other" mom, even today. She was a very special lady and will never be forgotten. Thank you for your guidance and helping hand. Love you so much XOXO Kris
