“ Audrey was one of the most beautiful babies I have ever seen. She was so precious. Thank you for sharing your bundle of joy and the special story of bringing Audrey into this world. I will never forget her cute custom knit cap that her grandmother made for her. Audrey looked so adorable in it.

“ I will always remember the first day I met you and how sweetly you talked of Audrey--how you couldn't wait to get her into your arms! It has been a priviledge to have watched you with her, to hear you talk to her, to see you love her, to play a little part in your journey of your nurturing her with your milk, part of your very self! Praying for you and willing to remember with you, whenever you'd like, Ramona @ Legacy.
