“ I need to share how generous she was.. time and time again she shared her last bite of chocolate, her last handful of Cheetos.. I knew she wanted it to herself.. I would graciously say "No thank you.. that is yours". (Also being plump and all I shouldn't.) but she always would get serious and say.. " you are beautiful.. not only on the outside but you are beautiful to everyone.. if you don't eat that chocolate life will frown on you!" Well I've got to say.. I always took her advice.. I ate that chocolate and would smile and say "Tia you make my day so much better!! Tomorrow let's buy more!!"

“ I have known Barb since I was 16, and before I knew the rest of the family, she gave so much support to me, allowing me to live in her small rental, and when I was left alone with no income she let me " manage the yards, weeds, and garbage for the Tavern parking lot, and the small house for my rent. Always so loving and generous!

“ *What an amazing person and what a shock to loose you! Thanks for dragging me to Maui and it was wonderful. I have no doubts you are sitting on the beach drinking diet pepsi! Aloha*

“ *Goodness, you left a huge hole in our hearts. You were always there to give me the push I didn't know I often needed, and advice for the times I did. You were always in my corner. Although you didn't always agree with my tattoos, you still supported them, you supported me. You even laughed when I showed you the one I got for you, though I know you were secretly flattered tho ;) But, most importantly, of all those things, you stepped up and became the best grandma to my kids, when you didn't have too. They needed you just as much as you needed them. They adored you. There are still days, I'm expecting a text with words of experience from you... the girls don't go a day without telling me how much they miss you, and I agree. We love you so much.*

“ *My Sister. My Friend. My Confidante. My Loyal Supporter. My Partner in crime(?). All the things you are. All the times we shared. All the battles we fought. (and sometimes won!) Forever in my heart. The bond of sisters doesn't need words, or pictures, or mementoes as proof.... It runs deep within us. Like a heartbeat. A steady pulse in our lives. You will always be a part of me. Thank you. I love you.*

“ *Tia, I'm missing you so much it physically hurts. You were not only my rock, my aunt, my confidant but I considered you one of my best friends. I'll miss all the times we laughed, cried and just made plain fools out of ourselves. Thank you for always trying to understand me, having a constant shoulder for not only the bad but better yet the good. Your unexpected calls or texts to wish me luck or tell me that you loved me. Thank you!! If only I could tell u a thousand more times.. I LOVE YOU TOO!! If I could hug you one more time I promise I wouldn't let you go.. Your friendship, loyalty, and bravery will never be forgotten or unappreciated. Thank you for being exactly you.. I love you!*
