“ *Barbara (Shelley) Forrest Derden It was a pleasure knowing you in high school. My family loved having you live with us for a little while and remember your free and loving spirit. When we connected again a few years back it was so funny we both had taken new names. Yet by any name, you are dearly loved by me and my family. You will always remain in our heart. Wishing all who Love you much sympathy and peace. Your forever friend Sue Furton now known as Ayla*
