“ *Malinda I just wanted to tell you how sorry I am to hear about your mom. It just comes to shock to me. But I know that she was suffering after your dad died. I just have so many memories of her from when we were younger, what 25 years ago. Like when me and you use to get in trouble together or going to the Star light parade and just hanging out. But there is one memory that I do have of your mom that will never leave, and that is when you and Annette just got your place when Dalton and Isis was babies. And your mom told me all these years I thought you were the bad influence but to come and find out it was my daughter, lol. And then she just gave me a love. I remember going to your house after me and my mom would get into it, and we could just tell your mom everything. Well I hope you and Vincent are doing ok. Just remember your mom is always with you two and the grandkids. Love you, Julie*

“ First I want to send my thoughts and prayers to Malinda and Vincent and the rest of the family. BJ.. I'm going to miss you so much. You have been in my life for 17 years. You were there to see two of my boys come into the world. I have always thought of you as my other mom. You were such a caring person. I know that day in Dec 2007 that your heart broke and that we all tried to make it heal. But I don't think that there was anything we could do. Now that your in heaven. And your with Vince again that your heart is now healed. I miss you and Vince so much. You let me into your family as you have done with many friends of Malinda's and Vincent's friends. I thank you for all the times you had me and the boys over for swimming and bbq's .. Mom we have you as our angel above to make sure we are safe.. My you rest in peace and have fun cooking and shopping.. I will see you again in heaven... I LOVE YOU

“ Dear Grandma Bj, I never got to say goodbye to you, so im going to say it now. One day i will see you and grandpa Vince again. I hope that your happy now, you're not in any pain nor suffering. I want you to be up in heaven having the time of your life. I don't know what im going to do without you here with me and Kaylee. You were the closest thing to me as a grandma figure. You have been by my side ever since day one. Life was a little rocky ever since grandpa passed away, but everybody was there to help you through it. Some people say you died from a broken heart, the day he died you died, i believe it. I look back on all the amazing memories you and i had. Like all of our movie nights, and helping out at the food bank. No bad memories come to mind, only good ones. I miss your laugh and hugs, they were the best. I just wish you could still be here. I just know that it all happened for a reason. I love you so much and i always will. <3 Love, Gabriel Rose.
