“ I knew Bernice since I was about 10 living in Brooklyn, NY. We were besties for years until she moved to Washington & I moved to Florida. We kept in touch for a while, But life took us in different directions. I was so surprised and so saddened upon hearing of her passing. I loved "Beenie . May you Rest In Peace.

“ Bernice was definitely one of my favorite people at P.I. We started in the same week, and learned how to do our job together. She was so funny and I loved to hear her talk, especially the way she would tell the client to "guhead" (go ahead). And she was always telling us how to pronounce Montefiore and Gouverneur, since she was from NY and knew the facilities. I have missed her ever since she no longer worked with me and I always will miss her. My prayers to her family.

“ When Bernice started working at PI I was so glad to have another New Yorker working with me. She was like a kindred spirit. We had many good times together and always talked about NYC. When Bernice lost her job at PI we would get together and go to worksource and I would always encourage her. When I lost my job at PI and some no longer wanted to know me she never turned away. The last we spoke we made plans to get together in March. When Eddie broke the news to me yesterday morning I was deeply saddened. I will miss you Bernice and will always remember your kindness. I know your in a much better place now. Love, Sue
