“ Bobby Dew was one of those people that really touched everyone's heart. He had a smile of gold and you could see the love in his eyes. He always told riddles and jokes and he loved making people laugh and smile. Once you met Bobby it was like your heart was finally full. He is missed dearly. I have thought about him every day. His family is also so wonderful and was always there for him. Truly an amazing man with an amazing family. I will continue to pray for the entire Dee family and friends.
