“ We have been neighbors for a couple of years..I always worried that we may be too loud..my chickens would wander and disturb your yard..My kids would fight too loud etc... Every time I would come to bring eggs,jam, home canned goods etc ; I would apologize for the noise and disturbances - and she would just smile and tell me how happy my kids' noise made her because it reminded her of when your kids were little. The chickens reminded her of when she was young and had chickens of her own..You both always made me feel welcome in your home. I am going to miss her sweet and welcoming smile.. I am so sorry for your loss and I am here if you ever need anything
