“ *Brittney I relapsed the day you passed away. It's been so hard for me to comprehend your death. I cared so much about you and I loved hearing from you on myspace. Brittney I want you to know I love you, and I'm not ever going to forget you. Neither will meghan moore. Me and her have had one on ones like crazy because your death has affected me so much. I checked myself back into treatment on oct.29 and I have 2 weeks left until I go home. I wish you could have made it back. I love you dearly and I hate to say goodbye. Your greatly missed by the sundown staff and me and veronica. We love you dearly and we're always thinking about you
