“ Phyllis, none of us can understand or feel your pain of going through the last years of Buds Alzheimers, Dementia and death. I really wish I had kept in touch with the both of you over the years. I went through the exact same thing with my Mom. I moved in with her and took care of her until I could not continue to care for her. She died at the age of 94, October 21, 2012, at Prestige Care & Rehabilitation in Camas. It used to be Highland Terrace. They were really awesome in physical and loving care for her. When I am on the other side with you Bud, we can fly to Reno or Hawaii any time we want just like You, Jeff and I did many times. I just wish I had kept in touch more these last 15 years or so.
