“ I remember the first time I visited Rick at his parents home, that guy had more albums than I had ever seen in my life. One of my fondest memories is a road trip to California. A group of eight of us met up in San Jose, Duback with his crew in his Chevy, Bruce R and Rick in his new Datsun and Stan S and myself in my VW. That was one heck of an adventure. We went as far as TJ and hit SanFran, Disneyland, San Diego zoo, Pismo Beach and other stops along the way. Rick was a unique, kind and friendly guy and will be truly missed. God bless.
