“ Cesar mejio. I'm without words to say but will do my best. I miss you and miss seeing you with chris. I will always, always remember you and how you touched our family with your presence and big heart you have. You grew on me in time and it hurts not to see you or with chris.. I will always remember how you were the only 1 who showed upmost respect and honored your friendship serious with my son. You always told me how much you loved chris and cared so much about him. You always would ask me for advice and how you wanted to spend the future with chris. You always knew my expectations and followed the rules like you were my son. I love you mejio and will never forget you. Always, Suzanna (Mother of Chris Gomez)

“ To: My best friend, like my brother. I just want you to know bro. I miss you with all my heart. There's not 1 day that goes by that stops me from thinking about you. My heart has never hurt so much in my life. Every morning I get up to go to school. I have to stop myself and know I can't see you and meet up in hall ways like before. Everything I did in my life it had you in it. I spent every possible moment with you and cherish that forever. You were like my brother and we always talked about the future together, exceeding in life together and beating every obstacle together. You were my everything next to my family. I will hold anything and everything close to my heart and never let go of that. My life will never be the same without you bro. I hurt so bad its unbearable. Now I got to fight life alone and make the best of it without you. This hurts me so bad. I love you with all my heart and will never ever forget you. love you bro, Chris Gomez
