“ Char was a dear friend of my parents, Joyce and Bob Windler, and was the wonderful lady who hired me to work at Weber & Gunn in 1985! She was an amazing office manager and friend and she lived just down the street from me. She loved life and all of her friends. Char - you will be missed!

“ There are so many wonderful memories and good times I had with Char. I am so thankful that Mrs. Webb and I were able to make it to her 80th birthday. Life changes but memories last forever. I'll miss you Char.

“ Char, you were on my mind the last few weeks and I will forever regret that I didn't try to contact you. You were one of the greatest friends I've ever known and loved, and no office manager/"wet nurse" could ever hold a candle to you. I'm happy to know, though, that you're finally reunited with Michael and Herman. With all my love, Debbie your "problem child" (who was lucky enough to be one of your favorites)
