“ Q: How did you meet Christopher?

A: I met Chris when I was 19, working at fudpuckers on the island. The second we met, we instantly became tight. The very next day, I started picking him up and giving him rides to work with me. I'll never forget the first time that he and I went to Panama City together. We had a keg in the back of my car. The night was kind of a blur, to be honest. But the drive home in the morning, I'll remember it for the rest of my life. Chris fell asleep in the passenger seat. I was driving pretty fast but I had fallen asleep too for a few seconds. When I came to, I opened my eyes and we are going about 80mph straight into stopped traffic. Luckily, there was a turn lane for a gas station for us to pull into when I slammed on the brakes. Chris's eyes when he woke up and realized what the heck was going on. Priceless! The car came to a complete stop. We look at each other. He says to me, good thing this Tom Thumb is here because I gotta change my shorts. I loved Chris like a brother. He was genuine. A loyal friend who'd give you the shirt on his back or the shoes on his feet. I'm gonna miss him.

“ Q: *What was Christopher like as a child?*

A: A pain in the butt, that's what you were like as a child lol. You were a good guy though, and you grew on me. I wish we would of stayed closer friends through the years, but I'll cherish the many memories we had. Oh, you still owe my brother and I a pull out chair bed 😊😂 Rest easy my friend, until we meet again 💜
