“ *My thoughts and prayers are with everyone. One of my fondest child hood memories was going to the Horse auction in Hermiston Oregon with Uncle Clarence and My dad Curtis. I remember riding in the back seat just listening to every word. They talked about Horses, hay, cows, feed, farms, saddles.....you name it. I felt so special. And sitting with both of them in the auction barn, I thought they were the most handsome cowboys I ever knew. Fond memories I will carry with me forever!*
