“ Friends who knew you would call you Clarence or Clancy. Family with roots in Nebraska call you Menya, a childhood name we cherish. During our youth, we had many family reunions with Menya, Mary, and family.

Several years ago, we traveled to NE for another reunion. Being from Florida, our eight-year-old twin grandchildren had no clue about life on the frontier. For the first time they met Menya, Doreen, Susan, Karen, and many other aunts, uncles, and cousins. It was a memorable Fourth-of-July that will not be forgotten. You will not be forgotten as well.

Menya, remind God, He has a competitive bowler with an awesome curveball on His team!

With love and fond memories,
Jud and Ruth(Zitterkopf)Chapin,
Tony, Beth(Chapin), and, Ashlyn and Lindsay Nevarez xoxo

“ So many fond neighborhood memories. Jobs, kids, pretty yard, building the barn and fences. The Chev hardtop. Tiny Honda car. Mostly a very hard working man always willing to work extra to care for his family. Rest Well Clarence. God Speed to your family. ❤️

“ Clancy was always kind to me and willing to give me tips on bowling even though I throw my ball overhanded. I think he would be proud of me that I finally figured out how to throw the ball correctly and I would have loved to get more tips from him because he was a great bowler. After bowling. Clancy always had an interesting story to share about his life. He left us too soon and I will miss him greatly. Suzann
