“ My favorite memory with my good friend Dana is the endless nights we would spend eating popcorn watching movies and telling some of our most deep secrets. Having a friends to share so much with comes rarely and I am so blessed to have had you even if it was only for a short ti time. This time a year ago we were so close. I only wish I had gotten more time to realy know you. It breaks my heart that you had to leave so early in your life and still I'm not sure how I missed the signs that you needed help. I love you so much Dana as much in death as I did in life, and I know I will see you again wherever every we all go. I wish Danas family strength and love and wish I could know you all. lw you must be great people to have given the world her. I miss you boo bear can't wait to see you again.
