“ David & I worked together for a very long time. In that time as a company (CRC) we've seen Families start with weddings, births of children and now death. We've come full circle and I'm very happy to have known him. He was a very good friend. He was one in a million and now when you look into the night sky and see the stars know that the new one up there is David shining ever so bright as he did here on earth

“ We were heartbroken for the Schwarzott family, as well as the Airport Green neighborhood, upon hearing the news of David's passing. His commitment and love of the neighborhood was evident throughout the year. His dedication and hard work helped to keep our neighborhood a wonderful place to live. Many times, after a storm, he could be seen picking up the debris in the streets, or watering the flowers and trees at the park. His presence will be deeply missed by all. Our hearts go out to his family.
