“ I'll never forget our family times together, you always made it happen, keeping us together. I love the memories of you and Santa.. You couldn't wait to get on Santa's lap, you were more excited than the kids, we all laughed so hard we cried. We well miss you so much and so well Santa.. Death leaves heartache no one can heal, Love leaves a memory no one can steal. We love you, Olive and Dan

“ I can still remember all the summer picnics, Birthdays, Holidays we spent together. We were always smiling, laughing and having such a great time. My Aunt Dee always opened her heart and home for us to be together. She was a great Aunt I love and adore and will miss very much. I look forward to the day we are together again. Hugs, Monica
