HI

“ Sandy: Marna and I offer our sincere condolences to you and your family. We, are devastated by this sudden event. You and Dennis were one of the first people we got to know when Tony had his home next door. I remember you guys as welcoming he and us to Oasis. We will always remember Dennis from our many social get togethers at the Clubhouse the Mongolian dinners, Pasta Buffets, and the Gourmet Burger nights. Our last memorable event being Marna,s infamous Chow Mein dinner with homemade egg rolls. Tony and his friends were there for a golfing vacation. Us old guys outlasted the 'young guys' imbibing in the after dinner refreshments that you retrieved from your house. I think Dennis and I almost finished the bottle it was soooo good. I think we both had a hang over the next morning. Dennis was a person that was always pleasant to be around and converse with over a cold IPA or Guinness. We had more than one occasion enjoying a conversation over a beer in our garage. Oh and sometimes we would throw in some homemade popcorn. Dennis will be missed immensely by Marna and I and many others at Oasis.
