JS

“ I miss you so much dad. Every day is hard without you. I feel like I keep falling apart. I went to the cemetery today... made me feel a little closer to you. I miss you so much, everyone says it will get easier with time but I don't really believe them. Seems like it is getting harder. I love you -Daddy's Little Girl

“ I am going to miss you my friend, thank you for being there every time I needed a shoulder to cry on. God needed a special messenger I know why he took you, but he's left a huge void in my life.

JM

“ Dennis, you left us all far too soon. We could have been the Awesome Duo. I won't see you come February, but I will see you again. You taught me how to love again without boundaries. You showed me how special our friendship was. But it was so much more than about me, it was about you even though you never liked taking credit for it. You shared so many stories about Rebecca and it was clear, she was the Apple of popa' s eye. We shared common worries about or kids from the time they were in school until now. I'm really going to miss our talks Dennis Sanders. But forever you will be in my heart. I love you.
