

## Donovan-Dack S. Hulberg

April 1, 1971 - July 4, 2025

Donovan-Dack Shane Hulberg was born on April 1, 1971-April Fools' Day-so fitting for someone who entered this world bringing light, laughter, and a joy that touched everyone around him. From the very start, Don faced immense challenges. Born with Spina bifida-a condition where the spine doesn't fully develop-and hydrocephalus, an accumulation of fluid on the brain, doctors gave him odds that seemed insurmountable. Later, he bravely endured a long, hard-fought battle with kidney disease, which ultimately led to his passing on July 4, 2025.

But if you knew Don, you knew he was never defined by any of it. Despite the daunting medical obstacles that shadowed his life, he met each day with resilience, humor, and a heart overflowing with generosity. The odds were always stacked against him, yet he lived with a joy and selflessness that lifted everyone around him. Don was one of the strongest, kindest, most loving souls to ever walk this earth-a bright light who made a positive impact on every person lucky enough to know him.

He was the one who lit up every room he entered, who made you feel seen, valued, and cared for. He loved deeply, gave freely, and faced each challenge with unwavering courage. He was too good for this world. None of us deserved him, yet he still chose to spread joy wherever he went.

It feels bittersweet that he left us on the Fourth of July-a day of fireworks and celebration. Now, each year when we look up at the night sky ablaze with color, we'll smile and remember all the wonderful memories we shared with

him.

Don's laughter, kindness, and unstoppable spirit will live on forever in our hearts. Now he can rest easily, finally free of a body that held him back, for the rest of eternity.

“ *Donovan was the best brother anyone could ask for. He was selfless, kind, and the biggest light in any room. His strength and resilience is a testament to the character Don embodied. Living for him means living life to the fullest despite any obstacles.*

*Miss you and love you forever brother. ❤️*
