“ Grandpa, thank you for sharing your life with me, taking me camping, making me smile, and making me feel loved. I miss you... 'til we meet again.

“ Dad was a good provider - we always had a home, food and clothes even when some jobs did not agree with him. I remember him mostly for our family adventures - camping, fishing and swimming at a multitude of lakes, rivers and seashores. He taught me to appreciate and respect both nature and people.

“ I'd like to express my sympathies to the family and in particular to Dennis. Having lost a Dad I know it's not easy. However, inevitable for us all at this time. 70 years of marriage is rare in todays world. It's an encouragement and an example of how marriage can work. Wish you the best. Kerry
