“ Laura, Myron and I were both sad to hear the news about Doug. He was a wonderful teacher and my son Nolan really excelled in his class because of his excellent teaching skills. 30 years is a long time to have come to an abrupt halt. There must have been many many hours that you spent caring for him thru all his cancer and other health problems. Myron and I both hope for the best for your future and may your future include happiness and peace. Truly, Mabel and Myron

“ I am so sorry for you loss. I taught 5th grade with Doug at Ellsworth. He was a great teacher, especially math, and challenged his students to do their best. He also convinced our family to have an exchange student, which was a wonderful experience. I saw Doug about a year ago at Wal Mart and had a good visit after not seeing him for many years. I will always treasure that brief visit and our early teaching memories with my friend. My prayers are with the entire family.

“ Dear Laura, We are thinking of you and your family. I taught with Doug about 12 years ago at Cascade Middle School and he and I then moved on to different high schools. He was always nice to me and very easy to get along with. Ryan really enjoyed working with you, Laura, at Evergreen High School for many years. He misses you now that he has gone to Camas. Please know that we send our love. The Leighton Family

“ I have known Doug for almost 30 years. I a so thankful for how he and his family took me in and treated me like an extension of their own family. I will miss his smile and his corny jokes. :)

“ Thank you all for your thoughtful remembrances of Doug. It is truly amazing to meet/talk to so many who were touched by him during his lifetime. He suffered valiantly to the very end and I know he is resting peacefully now. Remember him as he was when you knew him... he would want it that way. Have a good laugh at a bad joke, go to the beach often, and love your family well as he did. Love to you all.
