DH

“ I had the pleasure of calling Dr. Dixon "My Doctor" for more than 25 years. I also had the honor of assisting him with his hearing difficulties during this seemingly short short period of time. Although Dr. Dixon and I shared many patients, it was our mutual visits that I sincerely treasured. I will truly miss these visits and feel a great sense of personal loss. My thoughts and prayers are with Joy and Dr. David's family and staff.

Dr. Al Hicks - January 21, 2012 at 12:00 AM

“ one of my favorite people, my uncle dr. david was an amazing guy!!! i as a child was ALWAYS amazed when he would "look" in to my ear and tell me he could see straight through and see my mom or dad..... then he would describe the outfit to me!!!! or when i would tell him " it hurt's when i do this ".... (turn my head, lift my arm or whatever else) and his professional doctor's advise.... " well then, just don't do that, anymore!!" i recall his farm, we would ride horse's {he told me they were for my birthday ;) }, motorbikes and make fort's in the barn, and all of aunt teresa's crazy siamese cat's. most of all i recall his sense of calm, easy take on thing's... and just how fast he liked to Go..... and all the newest electronic gizmo's he would get, then have him teach (whoever was around) how it worked!!!! most of all i shall miss you and don together!!! and all the stories. godspeed, much light and LOVE to you, uncle Dr. David.

“ WOW!!! Just learned of Dr David Dixons death. I'm in total shock!!! I have been seeing him since I was 2 years old. I couldnt have imagined this day coming...He was truly part of my family and was such an amazing doctor and friend. I love him and he will be missed forever...see you again in heaven and god bless you and your family!!!

Kristin Anderson Bagoy - January 14, 2012 at 12:00 AM

“ I just learned today of Doctor Dixons death. I had him as a doctor for about 10 years several years ago. Though over the past 5 years I have owned an insurance agency in Hazeldell that deals mainly with Health Insurance. I had always referred new clients I had who didn't have a doctor over to his office and my clients where always happy with him. This is a great lose...my prayers go out to his family.

“ I'd only known Dr Dixon for a short time, but in that time I had come to love his stories, funny antidotes, and drawings on the exam table when he'd draw me a ice cream scoop of portion sizes for my diet. I will truly miss his care and the concern he took with every one of my visits and the valuable information he provided to me. He was truly a great doctor, a good friend, and a wonderful man. He will be sorely missed by me and all the great nursing assistants he had in his employ.

“ I just returned from Mexico and was devastated to learn about Dr. Dixon's death. He has been my doctor for over 30 years and I fully expected him to be practicing medicine well into his 90's. He was the kindest man and a gifted physician. An appointment with him always felt more like a visit with a good friend. He will be greatly missed. My deepest condolences go to Joy and Dr. Dixon's family and to his wonderful staff: Traci, Pat, and Judy.

“ Dr. Dixon not only was my Doctor of 15 years but he also was a friend and someone I respected greatly. At the end of my examx, etc. we always exchanged stories and expierences. Many times we would be at the same restaurant on weekends and share a table: And more storeis. My best wishes to Joy and his extended family. Sincerely, Jim and Patti Johnson

Jim Johnson - January 06, 2012 at 12:00 AM

“ Dr. dixon was our doctor from the time i was 8 years old and for my family. He took such good care of my dad in his time of real sickness... He was the best doctor i have ever come across.. he treated everyone like family he will be missed very much!

Emily Burck - January 06, 2012 at 12:00 AM

LG

“ I have known Dr. Dixon for as long as I can remember. He was my pediatrician and has been my doctor ever since. I have never seen another doctor and I never wanted to. I can't begin to express how much Dr. Dixon means to me. I used to comment how much I dreaded the day he retired. I always imagined going to an appointment and finding out he was retiring and I would be able to hug him and tell him how much I would miss him. I wish I'd have gotten that chance. Dr. Dixon was caring, generous, comforting, cantankerous, unapologetic, smart and very funny. The world was a better place with him in it and there is no one else like him. I will miss his stories and his care and the overall comfort I felt when going to an appointment at his office. Both my husband and I feel the loss and our sympathies go out to Joy and his family and Traci, Pat and Judy and all at the office.

“ Dr. Dixon was my doctor for over 30 years. I always described him as the last of the old country doctors. He came to the hospital to check on me after surgery, trusted me with his precious dogs. I will miss our little chats and just knowing that such a caring man was looking out for me.

Sue Svendsen - January 04, 2012 at 12:00 AM

“ We were "family" for 17 years. I worked for David when he first went into his own practice . That was my first real taste of medicine and what a way to learn the ropes. David was always a favorite relative; the sound of his voice was so soothing; something I will always remember. When my two children told me of his passing, we shared stories of our "uncle doctor David" with love and remembrance. He will be so missed.

Martha Dixon - January 04, 2012 at 12:00 AM

“ Dr. Dixon was not only our family doctor but also a dear friend as are Traci and the rest of his staff. He was always available to help with urgent matters whether it was a weekend or the middle of the night. Recently when my father in law passed away I spoke to Dr Dixon on a Sunday. He walked me through all the things our family needed to do. My father in law was not even a patient of his but he helped us as if he had been. I will be forever greatfull to him for that help and the wonderful care he provided to myself and my daughter. Joy and the rest of his family, staff and patients are in our thoughts.

Lisa - January 01, 2012 at 12:00 AM

“ i once worked for Dr Dixon . It was a great pleasure getting to know him on a personal level as well as being a patient. He cared so much for all of his patients, he went far beyond being a Dr. Money was never a concern always the patients welfare, and many patients never were able to pay him but he showed no interest in collecting these bills. Simply wrote many of them off. My heart goes out to his family especially his wife Joy.She was always there for him.Very devoted and helpful even caring for all of his patients as he did. I moved to South Carolina to be closer to my daughter Julie. Joy if you see this message reply and I would love to talk to you.Our thoughts and prayers are with you now and always. Love and blessings Sharon Cardenas

“ I will miss Dr. Dixon a lot. I met him in 1988, liked him immediately and loved having him as my doctor. We used to share photos we had each taken, he loved his digital camera. Our family will keep him in our prayers and offer our sympathies to his family. Becky, Kelly and John Bower.

Becky Bower - December 21, 2011 at 12:00 AM
