“ *Tran, Your life was over too soon. I will miss our talks with had in the hallway at work. I Will also miss your laugh and of course you singing Hotel California when we were in Japan back in 2005. Rest in peace my friend until we meet again. I know that when I look at the stars and see one twinkling, I know it will be you smiling at us down here. Ken*

“ *Tran was always so kind and helpful to me and others at work. When I was a new employee he went out of his way to share information, give tours of his area to show me how products are made, and to help me understand the business and the work employees do. I am forever grateful to him for going out of his way to do these things and for his willingness to always support others and the activities and special events at the Company.*
