“ *Betsy was a client of mine in the hair salon. I got to know how very special she was. I looked forward to seeing, to hear about her family. She was so happy to have her Mom move to Battle Ground, and then her Sister. She was the most kind and giving person I know. She volunteered to take a goat, that needed to be saved. She loved animals, and had a kind heart. I will miss her so much, as will everyone that was a lucky enough to know her. Many prayers and hugs are sent for the family,*
