RO

“ My wife and I are so sorry for your loss. Having dealt with dementia in our family, we know that in some ways it's a blessing, But the pain of loss is still there. I worked with Lonnie at Xerox. After I retired, we would meet for Lunch at the Overlook in North Portland. We spend a lot of time discussing how our 401ks should be diversified. I have missed those lunches. The Lord lift up the light of His Countenance upon you and your family and give you peace.
