

Esther Mae Wasson

April 12, 1952 - June 28, 2021

Esther Mae Fischer Wasson died of natural causes June 28, 2021 at home in Vancouver, Washington. She was born on April 12, 1952, the daughter of Mary Lou (Carter) and Wendelin Fischer. She is survived by her brother, Wynn Fischer, son Larry Allen Wasson, Jr., grandchildren Fione, Ben, and Selina. A memorial service will be held at 12:30 on Saturday, July 31, 2021 at Evergreen Memorial Gardens 1101 N.E. 112th Ave. Vancouver, Washington.

Esther was raised in Corvallis, Oregon. She was a very gifted track athlete. She won many awards for her speed and endurance despite the fact she was born with serious lung and respiratory failures and spent most of her first year in the hospital in an oxygen tent. She graduated from Corvallis High School in 1970. Other than a position as a battery tester technician at Evans Products, most of her working career was in the area of

public service and community relations. Her devotion to the community carried over into her retirement years where she volunteered for many organizations focusing on helping low income people access wholesome, nutritious food.

Esther loved the Oregon coast and spending hours on the beautiful beaches around the Newport area. Her son and grandchildren were her biggest joy in life. Visiting with friends and family, especially later in life when her health was deteriorating, also gave her great pleasure.

She will forever be remembered as woman who not only had a strong opinion and personal values, but also as one with a loving, kind, generous, and giving heart.

“ I met Esther in 1965. We were best friends. We spent so much time together. We planned and dreamed about our futures. I moved to other side of town and did not see her very often. We went to high school but did not hang around with the same folks. We had just reconnected before she died. The love and friendship was there as it had always been. I think of my friend often and mourn the years that were lost. I am comforted that she is with our Lord now.
