“ *Such a loss! Aunt Evadeen was my second mom. There are so many many special memories from childhood till now that I cant possibly get it all down. from camping to visits to family get togethers was all great memories. She always had a smile and great camaraderie with kim and even took her side at times lol...but i probably deserved it... i will miss all those great times.*

“ I feel so blessed to have been a neighbor of your family for all of these years. From grade school through having children to just watching the gravel truck go by several times a day and going by your house thousands of times. I remember when I built my house and your mom had to call to tell me my contractor hadn't paid for it; so embarrassing!! You think everything will always be the same and it is shocking and heartbreaking when it changes. You are always in my thoughts and my prayers are with you. I will be out of town on the 30th; it makes me so sad! I hope you will stop by!

“ I've known Evadeen since I was a teenager and her daughter Lois and I were best friends. As I got older and started a design business I spent many days and hours revamping and redecorating their farmhouse. I always made sure I had plenty of time because I knew we were going to sit and have coffee and catch up! She was always showing me the latest photo on the wall of her children and grandchildren. She loved them all so much and was proud of them! We reconnected when her granddaughter Bri and my great nephew, Daniel has a baby boy named Wyatt. So, in a way, we became relatives! I always enjoyed her, she had a special place in my heart. My prayers for beautiful memories during this time and that in time there will be peace in your hearts!

“ My memory of my mother in law is what a wonderful grandmother she was. She loved our children Chanse, Teniel and Brianna so much and always had time for them. They loved going to her farm and spending time with her when Dad was working. 💜💜💜
