“ Tony will be considered forever being a part of our family. He was with us and most of our fun family events all through the years when my sister, Denell and Tony dated but the most outstanding memory was how thoughtful and serving he was when Denell was in the hospital in LA. He thought of every need and was right there for us as we came into LA and needed to get to the hospital. Tony took care of everything, he will forever be our hero. That's when his true character came out always thinking of others and serving ....so thoughtful and kind you're going to be forever missed we love you, Tony.
