LM

“ My memories, coming home from school and having him say, come on squirt get your fishing pole, we need to catch dinner tonight, with the fun of him hooking a water snake on the pole and tossing it at me, I remember him and dad Albert going hunting and had a buck stuck they came back home and got a bunch of equipment to hurry back up the river and hope no one found it before they got back to it. Also remember every Friday or Saturday night he would take me to the movies and Patty our sister also, then we would stop at Curly's drive in and have a hamburger and a coke. And the times we would go to the coast and see him and the kids going crabbing out in a boat with the rain dripping on our heads, always the brother looking after his siblings. He was a brother, good father to his kids and just a great influence to me and keeping me on the straight and narrow. I will forever miss his hand on my neck saying hows it been squirt. Our lives move on but Memories never fade. Love you brother. your little sis Linda
