“ So sorry to learn of "Fran's" passing. She & I started at Nabisco on 9-21-1953 on the same day. We were two of four gals hired that day. Of those four, I am the only survivor. I started on day shift, while Fran started on swing shift. I also ended up working swing shift. And we were both born in KS and moved to the NW in 1949 with family.
