“ So sorry to read that Rik passed away. I worked with him in the lab at Boise Cascade for many years. He was the best boss that I ever had. I learned a lot from him and loved his sense of humor and the way he expressed himself. I enjoyed meeting him for breakfast occasionally after the mill closed down, we always had interesting conversations. Will miss him.

“ Looking at the paper last week I saw Rik's picture and recognized him immediately. He was my cousin. We moved to Vancouver just 2 years ago from Seattle. So sad to find out that we were so close yet had lost contact some 45 years ago and didn't know it. My deepest condolences for your lose.
