BA

“ Jackie and family, so sorry that your father is no longer here, but love lives on forever - it will never fade away, for in our hearts , our loved ones are with us every day. I will always remember when I was a young girl and got to live with my Uncle George for a period of time. He always made me laugh and everyone else too. He is now with some family and his friends. I love you Uncle George and I will miss you.

RF

“ So very sorry for the loss of your loved on, George. Your whole family is in my prayers. I have so many good memories of Uncle George that I will always treasure. He is now home with his parents and brother and sisters.
