“ I Was sad to hear that Glenn had passed, but I know that he suffered with his health. We worked to together at Clark County Weed Ccntrol, I was sort of an underdog there and Glenn was very friendly to me and did alot more than anyone to help me, I always appreciated that about him and would visit him at his house when ever I could.. I wish I could have visited him more, he was always in a good mood and possative about things.. he will be missed. Joe

“ I met Glenn in high school and saw him throughout the years when I visited my sister and brother-in-law in Vancouver. I remember his ready smile, his kind spirit and his gracious manner. Always glad to lend a hand or engage in easy conversation. My heart goes out to his family and friends. God bless you and comfort you. Rest in peace Glenn.

“ Glenn will always be in my heart, remembered as a most kind, generous and caring friend. I have known Glenn since high school, graduating together in 1969. One of his greatest qualities, for me, was his ability to always make you feel important and cared about. He had a natural warmth that just drew you in. He would go out of his way to help whenever he could, no matter what you asked. Throughout life's struggles he remained a fighter and always such a wonderful, proud father. I missed losing touch over these past years and now can only pray for his numerous blessings and thankfulness for having had him in my life for too short a time. I also have a few long ago pictures that I would love to share with his family. Please know my heartfelt sadness, as I pray to our Father for Glenn's spirit, now resting in peace, and for all his family and friends healing from his loss.

“ Glenn was a friend from the University of Portland. He was kind and generous. In fact, he printed our wedding invitations as a gift to us! He was a positive person whom we have always kept him in our hearts. We were very sad to hear of his passing. We send our positive thoughts and prayers to his children and family.

“ Glenn was a fighter! He taught me so much in the 18 years I knew him! He was such an amazing support for me while I was dealing with a family member that was an alcoholic and helped me to better understand them and support them. While time and distance got between us the last 8-10 years he always made an effort to stay in touch. He could always make me smile with his kind words. My prayers are with the family during this very difficult time. Please don't hesitate to contact me if you need anything!
