“ We are sorry to hear about the passing of Gordon. I went to have dinner with my dad and he sat with Gordon. When those 2 guys were together, they were fast with the comments and lots of laughs. With my bad arm, I had ordered steak for dinner and forgot I couldn't cut it. Gordon took over like a dad would and cut it up for me in small pieces! He would get after my dad if he didn't use his walker when they came to dinner. My dad missed his friend at meals. He was a sweet gentleman and will be missed. My dad saw Gordon a week before he passed and it was a good time and my dad smiles when he talks about the visit. Thanks for being my dad's friend!
