“ I will alwas remember all the great times we had together as a family. Picnic and holidays the many times she helped with the grand kids

She will be missed. Just these morning on way to work for about two seconds I was thinking I should call my mother and ser how she's doing today.

JA

“ My most favorite memories of my Grandma was our picinics in her back yard. She would make us belogna sandwiches and frito chips with sparkling flavored water. Another memory is always playing games like Yahtzee, titliwinks, and rummy. I'm so happy two of my boys were able to meet her and spend time with her and she got to show them her love for Yahtzee and she taught my oldest how to play it.
