“ Just found out you left us behind here on earth. I know you are a special Angel in God's kingdom. Wish many times I would have made the trip from OK to see you & Kenny too, back when. You treated me like a well loved daughter in law. My love for you lasted all those years...39 of them. Not long enough! I was searching for you under "Miller" after your number changed some years back. My loss of not finding you, to tell you one more time how much I love you. Someday I will in that eternal land & I look forward to it. All my prayers & love for surviving family.

“ Grandma, I love you more then words allow me to express. I am sincerely apologetic that I could not make it to your funeral. My heart hurts with shame because I know that if it were for me, you would have exhausted every possible way to come to say and show your last respects. You will forever be my MeMe and please know I remember and hold dearly so many fond memories, your wise words and have learned greatness due solely to that amazing and powerful stubbornness you have always expelled. I know your happy and at peace but I can't help but to be selfish and want so badly to go back to when I was little and waking up early for church, with you wide awake cooking breakfast :( I miss you! Love always your sweetheart, Shannon Marie.
