“ *The family is dear to us. Iryl was loved by us. We know him since 1975 en met him and his beloved family almost every other year. He stayed with us in Nederhorst den Berg after Neva and he had visited Helsinki and Russia. Always interested in other countries and cultures. We remember him as head of a family, the conversations, his houses (for the Dutch mansions). We were always welcome. We enjoyed going to ZigZag. We will miss him. But above al it was wonderful that we came to know him. Joop and Rinske*
