“ It deeply saddens me so much to hear of this tragic loss... Jamie was a beautiful person inside and out. I only knew her for a moment in time, but the little I did know of her she was a great mother, a wonderful person, and always looked at the positive in everything with such kindness. For a short time, I had the pleasure of being treated as a son by her, and felt the love and warmth she spread to many in the time she was here. My heart truly goes out to the family that is suffering this great loss. I know that if anyone were meant to be in a better place it would be her. My deepest sympathy to the family my thoughts and love are with you all. Josue V.

“ My heart goes out to all of Jaime's family.I have been thinking lately of all the great times Jaime and I had together.Though we never dated she spent more time in the passenger seat of my high school cars than any other girl I ever knew.We could always find some kind of trouble to get into.Whenever I would go camping she always wanted me to bring her back something from the trip (I wonder what ever happened to all those little beer bottles full of sand?)I will never forget the GREAT times we had and I will miss you dearly.Rest in peace dear friend and I WILL see you again!

“ Jaime and Family, I never truly had a chance to thank you for putting up with all the crazy things the boys did while they were growing up. So many years have passed, the kids are grown and we lost touch but the memories will last forever. Thank You for being part of our lives.

“ Linda, I was thinking of Jaime the other day and wanting to track her down! I guess that will have to wait for eternity. When I think of growing up with Jaime I think of laughter and lots of it! Camp Fire girls, school, baby brother? on the way, the house with the stairs! Oh, and the game CONCENTRATION. lol I will try to be there on Thursday. Would love to meet her children and see you again. I pray peace for you all.

“ Jaime, love you, cous, and will miss you. You were such an important part of my youth and one of the "original pack" that I looked up to so much! Thanks for the kindness you showed, and how great you were to my kids. We had so much fun finding agates and sharing dreams. Some came true and some did not, but we all had each other. “ While growing up and running amuck with Andy she treated my brother and I like we were her own. She didn't pull any punches but was also an exceptionally caring person, and such a cool mom. Codi and Andy, I am truly grateful to have met your mother. Just so many awesome memories. I will never forget her or our times together in Oregon.

“ I worked with Jaime for nearly nine years. Jaime knew everything about my life and I knew everything about hers. We shared our victories and our trials. She even cried with me when my son deployed to Afghanistan. Jaime was the little sister I never had. I will miss her more than words can say, but I take comfort in knowing that I will see her again. Then there will be no more trials, only victories to share.
