DP

“ My route was out of East Vancouver and in the morning, I was just 10 feet away from Jim as we sorted our mail. This might have been about 8 years and it took more than half of that for us to warm up to each other. We represented different generations, but as time went by, I slowly got to know him. He was so quiet and soft spoken. He had NOT a vindictive bone in his body and I am sure that he earned his passage to Heaven!

“ We will miss this familiar face at the Portland International Raceway. He was there to help and support Darren, his son, when he raced or help other racers, and to support Team Portland. He will be very much missed! Our prayers are with you, during this difficult time and in the days ahead.
