“ My dear friend, You got Home first, Jane! Thank you for your example of a godly woman and loving wife and mother. I'll never forget so many kindnesses such as caring for Timothy while I finished school, taking sewing classes with me, and for sharing your home when we visited Salt Lake City and Vancouver. You loved beauty and shared that love with others through your gardens and cross-stitching and decorating. Your smile and laugh were pure delight. You will always be remembered with joy, until we are all together again. We will continue to praise the Lord with you, but you will be doing it to His face. You know without a doubt - His love is unfailing.
