“ I am sorry to find out about the passing of Janice. We have swapped holiday cards for years and we didn't get one last Christmas, and I feared that the years may be catching up to her. I knew she was pushing 90. Janice made my grandfather, Joe Abron, very happy until his death in 1988. She was always a sweet and gracious step grandmother to myself and younger brother. I will miss her.

“ Jan, Years ago your mom made white cotton eyelet sachets filled with potpourri for our choir members. Mine is in our bathroom, and whenever I look at it, I remember how nice she was to make these for us. Mary
