“ I met Jasmine in 1985 when we enjoyed an afternoon together exchanging baby girl clothes. I had heard of her a lot throughout the years from our mutual friend/sister Tracy O'Neill. As everyone knows when you met Jasmine she made you feel like you were old friends from the start. We enjoyed some fun times, meeting for drinks, walking on the river in Vancouver, going out to dinner with Ted/Jasmine, Tracy/Mark and my husband Gary and myself. We had a wonderful time and only wish we did it more. I am so thankful that she touched my life and I was able to get to know the person Tracy so loved. My heart is broken not only for her family and friends but that the world lost a beautiful, funny, energetic and true person. Prayers and blessings to you all.

“ Jasmine was the type of person that could always put a smile on your face. She had a way of putting a positive spin on any situation. May knowing she is safe in her heavenly Father's hands be a comfort to family and friends who are mourning the loss of this sweet woman.

“ Dear Ted, Kaisa, Kristen, Sam and Jasmine, I Love you all and believe you will always be together loving each other and being there during the good times and rough ones. Although our physical body stops, our spiritual body screams throughout the Universe (Heavens) and surfs the waves of the stars for all eternity. Your Jasmine and Sam are surfing those waves together hand-n-hand with huge smiles on their faces knowing they will see you soon. Not too soon, but soon. Heaven isn't what you think it is, it is better. Remember to Love Life to the fullest and celebrate Jasmynes life and your lives. You deserve to be celebrated; your lives are as beautiful. You all are beautiful and I adore your every breath. I will miss seeing Jasmynes comments on the Facebook. She is very intelligent and spoke her mind; she always let known if there was something that was displeasing and ask, very kindly, if I would please remove my comment. I would always do it. And she would always thank me. Jasmine is a Peach and I Love her. I Love you all!

“ It is with tremendous sorrow that I'm leaving this message. Jasmine was a wonderful woman who brought such love and laughter to all who knew her in Baguio. She loved her girls with her entire being. We shared so much. RIP my dear friend.

“ My deepest condolences. Jasmine was a wonderful person, and I will always regret that I did not know her as well as I could have. Our family always anticipated her visits, and she made our home a brighter place whenever she stayed with us. She will be missed. If there is anything at all I can do or any way I can help, please don't be afraid to ask. You know how to get a hold of me.

“ Ted and Girls, May you find comfort and peace in the knowledge Jasmine is safely home in God's loving arms. May His Angels surround you and carry you through the tough days ahead. God chose all of you to be a family long before you were born. He knew your strengths and weaknesses combined as a family would provide you the strength to survive anything he put before you. Hold strong to that strength, keep your Faith that God will lift you up and carry you back into the light. Noone we love is ever lost as long as their memory lives on in our hearts. Hold tight to all those beautiful memories you have tucked away in the treasure chest of your heart from the life you have shared. Remember how much you are loved by the multitude of family and friends surrounding you. Don't hesitate to lean on us when you need a little extra strength to make it through or a shoulder to lean on. You know where to find me my friend. Angel Blessings and Big Sky Hugs <3
