“*Jeanie, you were the love of the Gelder family. Everyone always knew you were bringing pumpkin pie for dinner. You always had a wonderful smile! We were so blessed to have you as a Godmother to 3 of our children (only because we hadn't met you for our first) but you still treated each of them so wonderfully. We're so sorry for what you've been going through. And you fought a hard battle. Please give my daddy a hug (you two had a great bond). You will be greatly missed. Love you Jeanie!!*”

“*Aunt Jeanie you were a wonderful person. I will always remember holidays at grandmas whether it be you cooking something amazing or helping out afterwards in the kitchen. You always carried a smile on your face and went out of your way to help others. You were an inspiration to everyone around you and you brightened up everyone's spirits when you entered a room. It wont be the same without you and your strong spirit. We will miss you alot. Love Zach.*”
