“ Jeanette, known as mom to me . I am so very thankful the Bangerter's welcomed me into their family when I was 11 yrs old . Back in 1972? I was entering 6th grade. Mom taught me how to play the piano and I also realized I loved singing then as she loved piano and singing. She was a good role model for me. I had talent I didn't know. I developed my talent for piano and singing the 3 years I resided as a family member . I felt loved as a daughter and appreciated my time of middle school for 3 years living with the Bangerter's . Mom was always funny, happy and smiling all the time I remember . She taught me how to bake . And let me be a teenager and respected me the whole time . We can all learn a lot from her . I will miss you in this life . And every time I hear Carole King I think of her . I also love Carole King as it reminds me of my innocent and happy years as a child . Thanks mom . Your native daughter , Shelley Burshia Duran ❤️ I love you always

“ Oh, how I love Jeanette! She gave me permission to age well by staying young at heart. I love her sass! Sometimes she would say something so hilarious with a straight face, and then laugh at her own wit. She brought and balanced her knowledge of gospel doctrine with her enthusiasm and joy. And man, she could play the piano like no other! She played so well, she made us all sound good. Jeanette told it how she saw it with honesty and truth. I know she would always speak the truth. Such a trait to have! I can hardly wait to sit beside her again and laugh together while holding hands. And Darrell- she loved you dearly. She stood by you and stood up to you as all true partners do. God be with you 'til we meet again. Keri Krout Smith
