“ *Uncle Jim was always fun to be around and was extended generosity to me more times than I can remember especially when I was young.... help help me get my first car it was a 69 Dodge Charger and it was any 16 year old boys dream car... uncle Jim also taught me a lot about how to buy and sell cars.... I'm sure I caused him some grief when jimmy jr and I got into trouble but I loved him very much and will always remember him fondly and miss him calling out to me "Timothy James what are you up to son"*
